

**COLORADO SUPREME COURT OFFICE OF ATTORNEY REGULATION COUNSEL –
OFFICE OF LLP ADMISSIONS**

COVID-19 PROTOCOLS FOR THE NOVEMBER 2024 COLORADO LLP EXAM

Examinees must abide by all COVID-19 protocols set forth by The Office of LLP Admissions (Admissions Office), federal, state, and local health and safety agencies instituted at the time of the exam. The Admissions Office may amend any of these protocols prior to the administration of the November 2024 LLP exam. The Office will timely notify examinees of any changes to the health and safety protocols prior to the exam administration.

No one subject to quarantine under applicable federal, state or local public health guidelines or through a medical directive may sit for the November 2024 LLP exam.

All examinees, exam administration proctors, and staff are subject to these protocols.

Any examinee who does not comply with these COVID-19 protocols may be denied entry to the examination site and/or subject to removal from the site.

If an examinee develops COVID-19 symptoms, tests positive for COVID-19, or comes into close contact with an individual with COVID-19 within five days of the exam administration, the examinee should contact the Admissions Office immediately to discuss. Examinees should consult the [CDC COVID-19 Quarantine and Isolation Calculator](#) prior to contacting the Office, but should not delay in contacting the Office at bleinfo@csc.state.co.us or calling 303-928-7770 (press 9 to bypass the phone script).

Wearing a face mask **is optional** for the November 2024 LLP Exam. A face mask mandate may be imposed at a later date if required by federal, state, or local health and safety agencies. The Admissions Office will inform examinees of this change as soon as reasonably possible.

Examinees are required to report to the Admissions Office within six days of the exam administration if they test positive for COVID-19 or develop symptoms of COVID-19¹ within five days² from the day of the exam administration. If an examinee, proctor or staff member tests positive for COVID-19 after the exam, the Admissions Office may disclose relevant information to public health agencies, the exam facility, and/or others as appropriate.

In the event that an examinee is not permitted to sit for the November 2024 LLP examination due to failure to comply with these COVID protocols, such failure does not constitute good cause for a deferral of the re-application fee.

Violation of any of these protocols may cause an examinee to be directed to appear before a Character and Fitness Inquiry Panel, which could delay admission or result in a recommendation to the Colorado Supreme Court that the applicant's admission to practice law in Colorado be denied.
